Impure Blood

Impure blood will always make you sick. You suffer from headache, great depression, indigestion, sleeplessness, a bad skin, extreme exhaustion, and you can hardly drag yourself about.

Read what Mr. H. J. Matthews, of Wellington, New Zealand, says about this. He also sends his photograph.
"I have suffered a great deal from impure blood, especially from boils on my arms and back. I felt weak all over and was greatly depressed. I began to use Ayer's Sarsaparilla. After taking only a little of it I felt better, and soon my troubles disappeared. I believe this medicine is the best blood-purifier and the strongest tonic that any one can buy."

AYER'S Sarsaparilla

There are many imitations "Sarsaparillas." Be sure you get Ayer's.

Use Ayer's Pills every time your bowels become constipated, or when you are bilious or have sick headache. They cure quickly.

BY AUTHORITY

SHERIFF'S SALE NOTICE.

Under and by virtue of a certain Execution issued by Lyle A. Dickey, District Magistrate of Honolulu, Island of Oahu, Territory of Hawaii, on the 29th day of August, A. D. 1903, in the matter of H. Hackfeld & Company, Limited vs. H. W. Kallimail, Thomas Gandall, James Auld, Sr., Alex. Auld, Solomon Puhia et al, doing business as the Kakaako Family Store, I have, at said Honolulu, on this 5th day of September, A. D. 1903, levied upon, and shall offer for sale and sell at public auction, to the highest bidder, at the Police Station, Kalakaua Hale, in said Honolulu, at 12 o'clock noon of Friday, the 9th day of October, A. D. 1903, all the right, title and interest of the said Thomas Gandall in and to the following described property, unless the sum of Two Hundred and forty-five and 69-100 Dollars, that being the amount for which said execution issued, interest, costs and my fee and expenses are previously paid.

1. Lease from R. W. Aylett to Thos. Gandall and wife, dated November 25, 1893, of portion of "Mahele 'A'" of land described in the Office of the Registrar of Conveyances, in Honolulu, Oahu, in Liber 108, Page 463, as of record in said Office in Liber 134, Page 11, and being a portion of Royal Patent 2, 673, Land Commission Award 1193 to Josia Kalehua, situated in Kaliu, Honolulu, Oahu. Term of said lease, 25 years; rental \$40 per annum. Subject to Chattel Mortgage to S. C. Allen for \$1,000, as of record in said Office in Liber 179, Page 415.

2. Land in Kaakaukukul, Pauoa, Honolulu, described in Royal Patent 2462, Land Commission Award 959, containing 560 fathoms, more or less, conveyed to Thos. Gandall and wife by S. L. Aylett and wife by deed recorded in said Office in Liber 142, Page 452. See Liber 85, Page 252.

3. Apana 1 of Royal Patent 2453 to W. A. Cooper, situated at Kalokohonu, Honolulu, Oahu, conveyed by deed of Kamaka and wife to John Thomas Gandall, as of record in said office in Liber 191, Page 287, and more particularly described in deed from John Magoon recorded in said office in Liber 130, Page 287.

STEAMER TEXAN.

Associated Press, Morning Service.
TACOMA, Sept. 22.—The steamer Texan sailed today laden with sugar and salmon for Delaware Breakwater. The distance is 14,000 miles and the steamer will make no stops. This is the longest voyage ever attempted.

The steamer Texan, Captain Morrison, was in Honolulu early this year making her maiden voyage from New York around the Horn and return. The vessel is a sister of the Arizonan and the Alaskan. She is 494 feet long, fifty-six feet beam, thirty-five feet deep, and draws when loaded nearly thirty feet. On her maiden voyage she made the trip, including short delays in passing through the Straits of Magellan, in forty-seven days. The vessel carries a crew of forty-two men in addition to her officers and her skipper is one of the best known masters in the inter-oceanic trade.

MOSQUITOES DIMINISHED

"Either the Board of Health or the mosquito committee or the climate has done something to kill off the mosquitoes in my vicinity," said United States District Attorney Breckons this morning. "The recent change is a very marked one. Recently we have been able to sit on the open lanai at night without any discomfort and we could not do this before. Where there were swarms which used to get into the house in spite of all precautions, there are only a few stray ones. Last night I was able to sleep without a mosquito net, which is something very new."

Breckons lives in Punahou, on Punahou street, where the treble strains of the mosquito were as loud as in most other places up to a recent date. From other districts there are reports of a marked diminution in the number of the pests, and it is believed that the work of the sanitary inspectors of the Board of Health, which has now been kept up for some weeks, is largely responsible for the improvement.

In some parts of Makiki the same change is noted, though as in other places, a large proportion of the residents have done nothing to kill the pests. The sanitary inspectors have been doing away with breeding places as far as they are able and this is the probable cause of the lessening of numbers.

In the districts where the best results are shown there is a strengthened impression that a systematic campaign would largely rid the city of the nuisance. There are many skeptics throughout the city, however, and they hang back in the matter of subscriptions and "knock" the campaign.

A Bottle Record Drifts Ashore Here

A bottle dropped overboard by the British bark Drumcraig, containing a United States Hydrographic office "bottle" record, drifted ashore yesterday morning at Koolau and was picked up by P. D. Kettlet, clerk of the First Circuit Court. The Drumcraig was bound from San Francisco to Sydney and the statements written on the record by Captain McCallum show that on August 7 she passed very close to Hawaii.

The bottle records are supplied to mariners by the Hydrograph office with printed instructions to enter on them a date, the latitude and longitude of the vessel on that date and throw them overboard. In half a dozen languages is a request that the finder of the bottle fill out in another blank the date of finding it and the locality and send the records to Washington. The records thus received are of great value in the study of ocean currents.

The Drumcraig left San Francisco on July 23 for Sydney, in command of N. McCallum. According to the bottle record, she must have made a very quick trip the first part of her journey, though she was so long unreported at Sydney that there was talk of reinsurance at San Francisco. The record states that it was dropped overboard on July 7, in latitude 19 degrees ten minutes north, longitude 154:20 west. This is only a short distance northeast of Oahu. The bottle either travelled very slowly, or was at the shore unopened for some days.

The Drumcraig is a British bark, of 1851 tons register.

MASS MEETING A CONVENTION

DEMOCRATS ADOPT A PLATFORM AND NOMINATE THREE CANDIDATES FOR SUPERVISORS.

The Democratic mass meeting at Waverly hall last night resolved itself into a convention during the progress of the evening and a platform was adopted and three candidates for supervisor were put up. The balloting showed that there were fifty present who were followers of Jefferson and took part in the proceedings. Some well known Republicans or Home Rulers had seats on the floor of the convention. Col. C. F. Laukea was conspicuous also. Solomon Meheula and Carlos A. Long.

The only contest of the evening was for supervisor at large, which was given to E. J. Testa. The names of E. A. McNerny, Testa and C. W. Ashford were before the "convention." There was no roll call and no test of qualifications to vote. It appeared to be a free for all voting contest. Those present threw ballots in a hat and then the Chairman Turrill said "Any more Democrats who want to vote?" He gave the call three times and no more voters showed up, and the votes were therefore counted.

On the first ballot McNerny got 19, Testa 18 and Ashford 10. There were enough representatives of the Kapiolani estate present to make up the larger part of Ashford's vote. According to a resolution that had been adopted he withdrew, being the lowest man, and then his followers went to Testa. The next vote was Testa 29, McNerny 19, Ashford moved for a unanimous nomination and McNerny said he would withdraw in favor of Testa, whereupon Turrill led the motion for a unanimous nomination and it carried. Testa was called upon for a speech and someone shouted to him to take his coat off, which he did, revealing mainly outlines which called forth audible regrets that Yardley was absent from the touching scene. Testa said that if he was elected he would do his best, and thanked the "convention."

Col. C. J. McCarthy was unanimously nominated in the Fourth District and Frank Harvey in the fifth after a vote had been taken against putting up more than three candidates. Both made appropriate speeches of thanks. During the discussion the statement was made that the Home Rulers would support the nominees. It appeared that the Democrats were out for a chance at what offices the Home Rulers admittedly have no show of getting. It being stated that the Home Rulers would not nominate in the Fourth, acknowledging their inevitable defeat.

On motion of Dr. W. S. Noblitt a committee of five was appointed to draft a platform. D. B. Maconachie suggested using the last platform, but one of the "delegates" replied that that was

a Home Rule fusion platform. The chair appointed Dr. Noblitt, C. J. McCarthy, W. C. Wilder, R. H. Trent and J. H. Flynn. They reported the following which was adopted:

Whereas, the Democratic party has always been the party of the people, which stands for good government, national, state and county government of the people, for the people and by the people, and

Whereas, in the Territory of Hawaii, county government is now about to be introduced for the first time, and it is important that it be started on only the best principles, with a view of promoting the greatest good of the greatest number;

Now, therefore, the Democratic party of the Territory of Hawaii in mass meeting assembled, declares in favor of an honest and capable administration of county affairs, and pledges itself to promote and perpetuate the great principles so successfully championed by its noble founders.

The Democratic party of Hawaii believes that the patronage of the government should be bestowed only on citizens of the Territory, or those eligible to become such, and we pledge ourselves to support citizen labor on all county public works.

The Democratic party pledges itself to stand for the good of the common people against all aggressors of monopolistic greed and corruption, and to strive to make of the county government of Oahu, a model of honesty and efficiency that will continue to demonstrate its right to the high esteem it has always held in the hearts and minds of lovers of good government everywhere.

W. S. NOBLITT, Chairman.

KILLED BY DYNAMITE.

Associated Press, Morning Service.
SOFIA, Sept. 22.—It is reported that 500 Turks were killed by dynamite during an engagement in the Krena defile. Turks and Bulgarians clashed Saturday in a mountain skirmish on the border. The Turks have massed 40,000 men on the frontier and the Bulgarians have 4,000.

MRS. BOWERS HELD FOR MURDER

Associated Press, Morning Service.
SAN FRANCISCO, Sept. 22.—Mrs. Bowers has been held for murder. Her sister was discharged.
Mrs. Martha Bowers was arrested after the finding of arsenic in the stomach of her deceased husband. Bowers is said to have been poisoned once and recovered under hospital treatment. Four weeks later, on his return home, he is said to have been poisoned again. This time he died. Following his death Mrs. Bowers drew \$3000 from a bank. She had been despoiled jointly by Bowers and his wife. Mrs. Sutton, a sister of Mrs. Bowers, was alleged to have purchased the arsenic which was later placed in Bowers' food. Mrs. Bowers is said to have wished to get rid of her husband in order to marry another man. She had been married three times.

I've Got Money

Working for me, is what every one should be able to say. You can say it if you use Sherwin-Williams mixed paints. How? You pay good money for the paint, but only as much as it is worth, and less than lead and oil would cost you. Then it starts to work for you.

The S. W. P. protects your house and lasts twice as long as other cheap mixed paint would. It keeps wet and dry rot out of your porches, steps, and roofs and thus makes the money that you would otherwise have to spend in repairs. This is a hard climate on houses but with S. W. P. used, your repair bill will be reduced one half.

Make money work for you by spending a little of it for.
